# LOWESTOFT DLG DISABILITY LIAISON GROUP

Are you a disabled person?  
Do you have a disabled child?  
Do you care for a disabled person?

Suffolk Coalition of Disabled People (SCODP) are launching a new group in Lowestoft for disabled people, parents (of disabled children and adults) and carers to come together and talk about any issues that you may have or experiences that you wish to share.

The DLG will be guided by its users and what they would like to discuss at the group.

Please contact us if you would like to attend or if you have any suggestions on topics.

Please note that there is parking onsite at Lowestoft Community Hub and there are some additional parking spaces out the front of John Turner Short Break Unit if all available spaces are full.

*This group has been kindly funded by Councillor Patience and former Councillor Hackett at Suffolk County Council. We would like to take this opportunity to thank both Councillors and Suffolk County Council for their commitment to this project.*
